

Email list for homogenisation & climate

Scope of homogenisation list

The homogenisation mailing list was started to strengthen the communication and co-operation in homogenisation research.

Suggested uses of the list are:

- Conferences, workshops, etc.
- Important papers
- Discussions
- Job opportunities
- New projects started
- Requests for data, information, and cooperation partners
- ...

Subscribing

You can join the mailing list by sending an e-mail to:

`Victor.Venema@uni-bonn.de`
